**Parent University**

**Middle School is the Best Time to Plan for the Future.**

**Success has a Path!**

- **6th Grade:** How do you support your child through the middle school years?

- **7th Grade:** What are your child’s options for the future? Why plan now?

- **8th Grade:** How do you prepare for high school and college? Why does it matter?

**When**

Wednesday, November 18, 2015
6:30pm - 8:00pm

**Where**

Wood Middle School | Multipurpose Room
420 Grand Street, Alameda CA

FOOD, REFRESHMENTS, AND CHILDCARE PROVIDED

**What Parents Are Saying:**

“I think college can be a tough road to navigate with so many options out there. I learn mostly from talking to others, not from reading independently, so the group conversation was helpful.”

“College degrees are important but there are many ways to achieve a 4-year degree. Understanding how to navigate this process for your child is vital. Parent University opened my eyes to options that will help him achieve his degree in an affordable way that still ensures he receives an excellent education.” -Parent

“Coming to Parent University made me feel part of my child’s education and my community. It was definitely worth participating.”-Parent

“I am not alone. Other families are going through the same thing with their children.”
