Nightmare on Puberty Street Parental Notification

On Friday, October 12, 2012—as part of our anti-bullying initiative, all of Wood Middle School will be seeing an assembly entitled, Nightmare on Puberty St. put on by Kaiser Permanente.

Kaiser Permanente’s Nightmare on Puberty St. is a tongue-in-cheek journey through middle school, where the pressures of childhood and adulthood meet. A cast of four performer/educators use comedy, music, dance, and drama to bring to life the issues facing middle school students. Between bouts of exuberance, the characters wrestle with the question, “Am I normal?” They help adolescents realize they are not alone in facing the changes and challenges of puberty. This thought-provoking program presents important information about difficult topics in an entertaining way.

We encourage you to view the Parent Guide as well as teacher, parent and student feedback about Nightmare on Puberty St. on School Loop. The guides are published in English, Spanish, Chinese and Vietnamese.

Parents who do not want their student to view this assembly need to contact Ms. Dwyer at 748-4015 ext. 171 or via School Loop. Your message just needs to stay your students name and that you do not want them in the assembly. Students not attending the assembly will have study hall.

Thank you,

Jeff Knoth
Principal
