BE THE ONE TO SAVE A LIFE!

Myla needs to find a marrow donor!

Myla is a sweet and thoughtful 10 year-old girl. She is very involved in school activities, church choir, and community service. Myla is diagnosed with myeloid sarcoma, a form of acute myeloid leukemia. She needs a bone marrow transplant to survive. Since Myla is Filipino, she will likely find a match from an individual who is also Filipino or Asian descent.

REGISTER TODAY!

You could match Myla or one of 12,000 searching patients, worldwide.

REGISTRATION DRIVE

To register, you must:
• Be 18-44 years old
• Be in good general health
• Complete a cheek swab
• Be committed
